Technical Interests

- Implementing modern structures with latest frameworks, diving deep into their logic and mindset.
- Enjoy digging deep into how frameworks work and I want to eventually create my own language or framework.
- Quite interested in artificial intelligence-based UI development tools and closely follow these advancements.

Skills

Technical Skills: HTML5, CSS3, Javascript, Typescript, React, Nextjs, Redux, CSS Preprocessors, Node.js, Bun, Go

Languages: English (advanced), Turkish (native)
